Summary

Front-End Developer with 2+ years experience building responsive, user-focused web interfaces using HTML, CSS, JavaScript, ReactJS, and Bootstrap. Strong UX/UI background enables translating wireframes into polished, maintainable code. Experienced in collaborative projects, redesigns, and dynamic web apps.

Professional Experience

VacationPort (Remote) — Junior Web Developer | *Jul 2024 – Present*

- Built responsive Destination & Supplier Sites using HTML, CSS, JS, Bootstrap.
- Designed CMS themes and custom solutions to improve usability.
- Assisted with ReactJS core product rebuilds and .NET Core back-end tasks.
- Collaborated with UX/UI and marketing teams to deliver client-ready solutions.

Power Express Delivery (Carmel, IN) — Amazon Delivery Associate | *Dec 2023 – Jul 2024*

- Maintained accuracy and efficiency in high-volume delivery operations.

EZAdsPro (Carmel, IN) — Senior Graphic Designer | *Dec 2017 – Mar 2023*

- Delivered digital and print ads under tight deadlines; standardized workflows.
 - Converted print campaigns to digital formats, expanding client reach.
-

Projects

React Shop — Full-featured React e-commerce demo with Context/useReducer, FakeStore API, React Router, and fully responsive layouts.

Destination & Supplier Sites (VacationPort) — Responsive websites optimized for partner engagement, content delivery, and usability.

CV / Resume Builder — Modular React-based resume builder with real-time state previews and responsive design.

Tough Mudder Redesign — Redesigned homepage from Adobe XD wireframes; ensured responsive layouts and improved navigation.
